

Report of Meeting

- A joint meeting was organized on the water convention issues of water bodies of Bhiwandi by Dr. Snehal S. Donde principal Shree Halari Visa Oswal College of Commerce under the leadership of Dr. Rajendra Singh Water man of India.
- Many Government officials from Thane Collector office, Water Department and Bhiwandi Municipal Corporation attended the meeting.
- All over 50 people along the student of NSS were present in the meeting.
- The motto of the meeting was to bring out the solution on depleting condition of water bodies in Bhiwandi city.
- A short presentation was given by the Jalnayak and JalSathi's on status of water bodies of Bhiwandi.
- Many facts like the history of Kamwari River, why Bhiwandi is known as Manchester of India' and Economical importance of Bhiwandi city were discussed.
- How the power looms and dyeing industries are affecting the water bodies in Bhiwandi city and due to the release of effluents from this water quality and aquatic biodiversity is affecting on large scale.
- Dr. Rajendra Singh ji advised that Pollution Control Board of Maharashtra should be strict regarding issuing licence to such industries which do not have sewage treatment plant.
- There should be proper synchronisation in the various department of government, so as to avoid the delay in work and create proper mechanism to restore this solution.
- They reported about how many villages are under the work process for the water conservation and how many barrages are successfully created.
- Also the official discussed about the impact of use of plastic sack on aquatic system and asked Dr. Rajendra singh to guide on this issue.
- Dr. Rajendra singh suggested to avoid the use of Plastic sack for Barrages construction, also he asked to give emphasis on rain water harvesting in city zones as the most of the water get drain off in the nalas etc.
- Principal Madam told that she has already work on the project of rain water harvesting in Mumbai area. And how the government bodies are least bother about giving OC to builders without the site seeing.
- Thus all the officials from various government department agreed to the suggestion and assured that they will work for the restoration of the water bodies.
- Also the inauguration of book "Jal Yukt Shiwar was done by Dr. Rajendra Singh ji.
- At the end of the meeting Principal Madam thanks every one for their opinion and assurance to work for the conservation of water bodies.
- And the meeting ended with vote of thanks.
